

New Street Management in 2019 list of Top Trust Companies

New Street Management is pleased to announce that it has been included in the 2019 eprivateclient list of top trust companies.

The ranking was introduced 10 years ago to celebrate the largest and most successful private client advisory businesses. Eprivateclient surveys more than 100 trust companies, and their rankings are based on independent research, reputation in industry and endorsements from intermediaries.

For the first time this year, the list has been split into two categories, non-independent and independent trust companies. New Street Management is included in the list of top independent trust companies

Simon Graham, Managing Director of New Street Management commented; "We are very proud to be included in the list of top trust companies, this builds upon our inclusion as a finalist in the STEP awards this year and recognises the hard work that our team is delivering everyday for our clients".
